 **tailwind**
AIRLINES

Tailwind Airlines is a joint Turkish and British partnership. It was established to create an efficient, up to date airline in the Turkey civil aviation sector to support the growth of air travel to and from Turkey. Tailwind's core team is made up of experienced and knowledgeable professionals from the aviation industry who will provide a strong foundation to achieve this objective. With an increase in the number of tourists to Turkey predicted to go from 23 million to 50 million in the near future, it is evident Turkey will require an improvement on the availability of air transport. Our first objective is to provide a reliable and efficient service to the charter industry. Our aim is to also to provide our customers with both an economical and trusted airline which in turn will breathe new life into the Turkish Aviation sector.

OUR SERVICES

Touristic Charter Flights

These will service the tour operators who will provide package holidays to Turkey or Europe. The flights will be seasonal and or weekly to and from Europe to Turkey.

Private Flights

Individual aircraft lease per agreed dates and destination for private groups, companies, sports clubs and or VIPs.

Wet Lease

Aircraft can be available on a lease agreement with a full crew for any given period to be agreed which will include any maintenance liability and aircraft insurance. The flights will be subject to the flight number of that airline customer and the passenger insurance will be the liability of that airline. Contact information on request for each category can be obtained from Tailwind airlines head office.
