

M8-0078

The Boeing 717-200 is a new 100-passenger airplane that will serve high-frequency and short-haul routes in the growing regional jet market. Powered by two BMW Rolls-Royce BR715 engines, the 717-200 is designed to be the most efficient, most reliable and the quietest airplane in its class. Deliveries to customers begin in 1999.

### Junkers Ju 287

The most advanced  
Jet-Bomber  
of the Luftwaffe

This is the story of an aircraft that might have changed the air-war in 1945/46. Lots of photos, drawings, information, data and more than 6000 words give a detailed insight into the development of this unique piece of aviation.
