

STRATOCRUZER 1250

TWINJET STRATOCRUZER® 1250

STRATOCRUZER-1250 - INCREDIBLE 3,700 MILE RANGE TWINJET is the world's longest range aircraft in its class. The new STRATOCRUZER-1250 is designed as an intercontinental executive jet that will transport people and equipment to virtually any point on earth. Priced under \$3.5-million, STRATOCRUZER-1250 is less than many propjets. The STRATOCRUZER-1250 is equipped with two very powerful, lightweight Fan-jet engines by William Rolls (FJ44-2) that provide cruise speeds of 500 MPH and a range beyond 3,700 miles. STRATOCRUZER-1250 is manufactured in the USA by defense aerospace experts assuring you the highest quality and craftsmanship using a lightweight graphite composite fuselage and high strength aluminum wing.
